About Proteus Adventures

Proteus Adventures is an exploration company that blends faith, science, and technology to help people experience the beauty of creation in new and meaningful ways. Through virtual reality, mixed-reality, and guided adventures, we take guests on journeys across space, oceans, landscapes, and cultures: sparking curiosity, reflection, and discovery.

Our mission is to empower people to explore the divine beauty of God's creations through science, technology, and transformative adventures across the universe.

Role Overview

The VR Station Manager is responsible for the daily operation, maintenance, and guest experience of Proteus Adventures' immersive virtual reality station. This role ensures that every guest encounter is safe, seamless, and inspiring: bridging advanced technology with thoughtful storytelling.

You will manage Meta Quest 3 headsets, guide users through immersive experiences, and maintain an engaging, welcoming environment aligned with the values and mission of Proteus Adventures.

Key Responsibilities

VR Operations & Equipment

- Set up, operate, and maintain Meta Quest 3 headsets and accessories
- Ensure devices are charged, updated, calibrated, and sanitized between sessions
- Troubleshoot basic technical issues and escalate complex problems when needed

Guest Experience

- Welcome guests and provide clear instructions on VR usage and safety
- Guide first-time and returning users through immersive experiences
- Adjust sessions based on age, comfort level, and user ability

Content & Session Management

- Launch, pause, and switch VR experiences according to schedules
- Manage session timing to ensure smooth transitions
- Provide simple explanations of experiences (space, nature, educational journeys)

Social Media Management

- Capture guest-approved photos and short videos during VR sessions and events
- Record behind-the-scenes moments and highlights from Meta Quest 3 experiences
- Organize and submit content for posting across social media platforms
- Help showcase new VR experiences, programs, and special events
- Ensure all content aligns with the Proteus Adventures brand, tone, and mission

Safety & Hygiene

- Enforce safety guidelines during all VR sessions
- Monitor users for discomfort or motion sensitivity
- Maintain high standards of cleanliness and equipment hygiene

Station Oversight

- Keep the VR area organized, clean, and guest-ready
- Track headset usage and basic operational logs
- Support group bookings, events, and educational programs

Required Qualifications

- Comfortable using VR technology (Meta Quest experience preferred)
- Basic technical troubleshooting skills
- Strong communication and customer-service abilities
- Reliable, organized, and detail-oriented

Preferred Qualifications

- Experience in VR labs, gaming centers, museums, or tech exhibitions
- Background in education, tourism, media, or technology
- Interest in exploration, science, nature, or immersive learning

What We Offer

- Hands-on experience with cutting-edge VR technology (Meta Quest 3)
- A creative, future-focused work environment
- Opportunities to grow skills in VR operations and experiential learning
- A chance to be part of a pioneering exploration brand in Africa
