

## **Display Panel of a Transportation Vehicle Hailing Device with Animated Graphical User Interface**

5 I, Proteus Zolia, have invented a new, original and ornamental design for a Display Panel  
of a Transportation Vehicle Hailing Device with Animated Graphical User Interface of  
which the following is a specification. The present invention is a display panel of a  
transportation vehicle hailing device with animated graphical user interface. Reference is  
made to the accompanying drawings which form a part hereof, the figures of which are  
10 described as follows:

### **DESCRIPTION:**

FIG. 1 is a front view of a first image in the sequence for a display panel of a  
transportation vehicle hailing device with animated graphical user interface, showing my  
15 new design;

FIG. 2 is a front view of a second image thereof;

FIG. 3 is a front view of a third image thereof;

FIG. 4 is a front view of a fourth image thereof;

FIG. 5 is a front view of a fifth image thereof.

20 The peripheral dash-dot-dash broken lines in FIGS. 1 through 5 illustrate a display panel  
or portion thereof and form no part of the claimed design. The appearance of the  
transitional image sequentially transitions between images shown in FIGS. 1 through 5.  
The process or period in which one image transitions to another image forms no part of  
the claimed design.

### **CLAIM:**

I claim:

the ornamental design for a Display Panel of a Transportation Vehicle Hailing Device  
30 with Animated Graphical User Interface as shown and described.
